Correction to Rule 5.3 on Unnecessary Roughness
1/16/2020**

Correction: Rule 5.3 is missing the sentence that indicates that unnecessary roughness violations are penalized using the technical violation sequence.

By way of this communication the following sentence is now permanently included in Rule 5.3.

“Unnecessary roughness penalties are assessed in conjunction with other technical violations as outlined in the penalty table.”

This correction will also be logged in the 2019 – 2021 NCAA Wrestling Rules Book Corrections document found in the Rules Information section of this website.
